

9.6V TURBO[®] "HEADS UP"[™] HOPPERS

Introducing The "Heads-Up" Hopper— The Best-Selling Turbo Hopper[®] Ever, Just Got Better!

Heads will really turn when this hopper hits the neighborhood!

Meet the new "Heads Up" Hopper! Bigger in every way—the front wheels are bigger, the back wheels are bigger, the back wing is **much**

bigger. It's the hottest new product from Tyco, now made even more exciting!

Transmitter puts you in complete control. Turn the Hopper left and the driver's head turns, too. Turn the Hopper right, the driver's head turns right along with the wheels!
